W.T. Appropriations Before Legislature

Chick Neilson Is Credited Pilot; Field Instructor

CHICK NEILSON

Milton (Chick) Neilson has passed the government examination for Flight Instructor and has been assigned for duty to the West Texas State Flying Field.

His work will consist of six hours daily of instruction as pilot. He is manager of the Farmers Elevator Co., and this business will be conducted by Mrs. Neilson while Chick is on duty at the field.

Mr. Neilson is the first member of the original Canyon Flying Club to receive the rating of instructor.

Notary Publics to Qualify on June 1 for Two Years

The term of office of a Notary Public in Texas is automatically extended by the Secretary of State without action of the Legislature.

County Clerk A. B. Holt has received notice of reappointment of all persons who are now serving, and who are subject for continuation in office. However, all must qualify on June 1, by making bond for a continuation of office.

Persons who wish to become a Notary Public may make application at once to Mr. Holt. The fee for appointment is \$2.00.

The following have been re-appointed:

R. M. Allred, J. D. Barker, W. C. Black, Albert Bruce, Ray Campbell, W. B. Campbell, Harvey Cash, Tommy Chambers, Christine Cole, Johnnie Courtney.

Clyde Davis, A. B. Duncan, Lethea Duncan, C. R. Flesher, W. J. Flesher, G. G. Foster, Robert W. Foster, Hosea Foster, Lee R. Foster, Wm. Frank, Oliver Grabbe.

J. A. Guthrie, J. L. Harden, J. D. Hazlewood, Virgil Henson, Robert I. Hibbetts, L. L. Hix, Louise Holgate, A. B. Holt, Lee L. Johnson.

Jack J. Joutet, Janice Kendrick, Clarence Kern, T. H. Knighton, P. E. Lindsey, Omah E. Lyons, Ora Newlin Maxwell, Marion Miller.

Claude Moore, R. O. Moore, F. A. Pierce, Tommy Prichard, H. T. Rhodes, D. F. Sanders, Olive V. Schramm, D. A. Shirley, J. W. Shook, T. S. Stevenson.

Lee Una Sullivan, George I. Taylor, Wilford Taylor, Wilford Taylor, Jr., Lilla Thornburg, Mildred Tietz, Dan K. Usery, B. Vaughan, C. L. Wagner, Jeff Wallace, Clyde W. Warwick, Hazel Williams, C. Wirt.

Men Inducted Must Return Ration Books

Men going into the armed service must return their ration books. They have from 5 to 10 days in which to do this after being accepted in service.

Most of the men leave their ration books at home for members of their family to look after this obligation.

CO. G. MEETING

Allan Farlow went to Amarillo Saturday night for a meeting of the Company "G" Association, an organization of men who were in the 36th Division and 142nd Infantry of the A. E. F. in the last world war.

Help Keep Canyon Clean!

Session Will Come to an End Tuesday; Dr. Hill Is Working With Law Makers

Dr. J. A. Hill is in Austin this week and will remain until the education appropriation bill is passed. West Texas State was given \$445,288 for the coming two years in the bill which passed the House of Representatives Saturday. This amount is \$2,000 more than was approved by the Senate.

No improvements were allowed for Texas colleges in this bill, and other items were reduced by about 9 per cent.

The bill is in the hands of the free conference committees, where appropriations are always re-written to a considerable extent.

The legislature will adjourn next Tuesday, and all of the appropriations bills will probably be passed by Monday night.

Men Left For Armed Service; 25 for June Call

Eight men left Tuesday morning for Fort Sill where they will enter active duty in the army. The group consisted of the following:

Elton O. Dolcater, leader, James Thomas Gillham, Doyle David Chain, Lawrence Alvin Foster, William Roberts Ryan, Roy Glenn Campbell, Sanford William Ruthart, Edward LaVoe Wilson.

Ralph Edgar Craig, who was accepted in Lubbock last week, did not return home for the usual 7-days furlough.

Lee Roy Moreland and Billie Robin Meadow, who were accepted by the navy, reported at Lubbock Sunday.

George Vineyard and Robert Bellah, who reported to Fort Sill last week, were shipped out Monday night for an undesignated training center.

The next call for men will be on May 25. This call is for 32 men, and the remaining single men of the county will be sent at that time.

The local Selective Service Board will meet Friday to start calling up married men to meet the call of June 23 which is for 25 men.

36th Division Now In North Africa

According to a letter received yesterday from Captain Vincent Lockhart, the 36th Division is now in North Africa. Some of the men have been in that sector for some time.

Company F, the original company from Canyon, was reported last week to have arrived safely in Africa. There are about 15 Canyon men still with this unit.

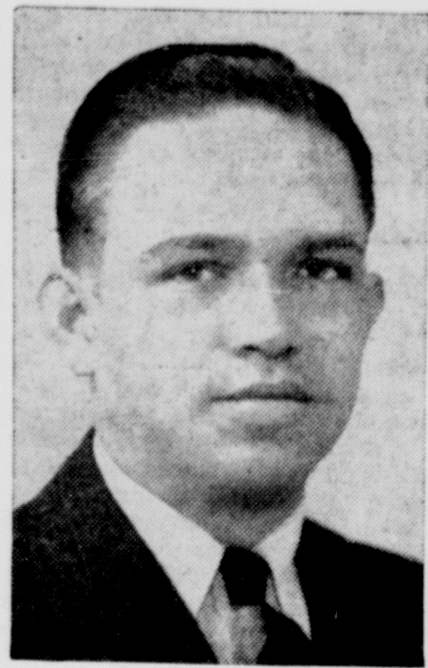

Captain Lockhart states that the climate is a great deal like that of the Panhandle.

Worth Jennings Sells Shoe Shop And Will Move

WORTH JENNINGS, JR.

Worth A. Jennings, Jr., has sold his shoe shop to D. C. Pope of Dalhart and will leave with his family on May 15th for Arizona. He hopes to locate near Phoenix. Mr. Jennings decided sometime ago to quit the shoe business and engage in some other line of business.

Worth's Shoe Shop was established in Canyon six years ago. The shop has enjoyed a fine business throughout the years, and Mr. Jennings state he would not have considered selling the business except for the fact that he wished to retire from this line of work.

Mr. Jennings is a member of the school board and will retire from office when the board meets May 13.

Mr. Pope has been engaged in the shoe business for 10 years with his father at Borger and for the last five years at Dalhart. He was with the Army Post at Dalhart before coming here. His wife and baby will arrive Saturday.

Buffalo Lake Has Big Crowd Sunday at the Opening

The formal opening of Buffalo Lake was held Sunday.

There was a surprisingly large crowd present, estimated at 20,000 persons. While this crowd did not compare with the first opening of the Lake, it was larger than anticipated.

The presence of several hundred soldiers from Amarillo, Pampa and West Texas State added color to the crowd.

Various army maneuvers were put on during the afternoon. At 3 o'clock 33 bombers from the Pampa Field flew over the Lake. Various war displays were held during the day.

Boat races kept the large crowd entertained during the afternoon.

Fishing was reported good at the Lake, and it is anticipated that large crowds will visit the Lake weekly because of the fishing facilities.

OSCAR PARSONS DISCHARGED

Oscar Parsons is home from the navy, having been discharged after a few weeks of service.

Scholastics Show Another Increase

Common School Districts Follow Lead of Canyon in Showing Increase Children

The scholastic census of the common school districts of Randall county has been completed, showing an increase of 16 scholastics this year.

Judge A. H. Hunt states that there was a total of 271 boys and 269 girls enumerated this year, or 540 children of this age. The total last year was 524.

The Canyon Independent School District had an increase of 133 this year. This district has shown a decline during the past several years, while the common school districts have shown a steady increase.

The increased enumeration in all districts of the county will bring \$3,650 more money than was collected last year.

More Scrap Metal Being Shipped in Salvage Drive

The 6th car of scrap metal was shipped Friday by A. A. Kirkpatrick and another carload is ready for shipment this week.

Mr. Kirkpatrick states that he has shipped 408,000 pounds of scrap metal from Canyon; hauled about 80,000 pounds of different grades of metal to Amarillo and has more than enough metal to fill another car. This makes about 640,000 pounds of scrap metal which Mr. Kirkpatrick has handled since the scrap metal drive has started. This does not count the thousands of pounds of scrap hauled by farmers direct to markets.

While small amounts of metal are coming to the market, the amounts have declined since farm work started.

Another big scrap metal drive will be staged throughout the nation in a short time due to the need of more scrap iron for the steel furnaces.

Training School Summer Session Opens May 27

The West Texas State College Training School Summer Session will begin May 27 and continue for nine weeks. Students may be enrolled in all grades. Adequate and expert instruction will be furnished.

High school students may earn one unit or one and one-half units, depending on their previous high school record.

There will be a small matriculation fee charged for the summer session.

For the elementary school grades one to eight inclusive, the fee is \$3.00 for the full nine weeks.

For high school students the fee is \$6.00 for one unit and \$8.00 for one and one-half units. Since the fee is for matriculation and not tuition, there will be no refund in case of withdrawal.

Kenneth P. Walters to Training Camp

Cpl. Kenneth P. Walters left Monday for Fort Blanding, Ga., where he entered officer training.

He returned a week ago from the Pacific where he has been since June, 1942.

LEAVES FOR TRAINING

Miss Nora Mae Thompson spent Tuesday and Wednesday with her sister, Mrs. W. M. Dickerson. She will soon leave for Hunter College, New York to receive basic training in the Marine Corps Women's Reserve. She is the daughter of the late Sam B. Thompson of Silverton. Another sister of Mrs. Dickerson, Mrs. Mac McKinney, and children of Amarillo spent Wednesday in Canyon.

MARRIAGE LICENSES

Alvin Lewis Lee and Nettie Willene Bulls, April 29.

Eugene V. Yarger and Gloria Roberta Bowman, May 1.

Mrs. T. C. Thompson and Pvt. and Mrs. Jack Walker went to Fort Sumner, New Mexico, Sunday where Pvt. Walker reported for duty after a 15-day furlough.

Mr. and Mrs. N. E. Root left Monday for Sparland, Ill., where they are visiting at the home of their daughter.

No Flowers This Year

The familiar Mother's Day flowers will never be missed today by the mother above or countless others like her. Mothers know their distant sons in the service still remember them, and proudly buy their own War Bond corsages to hasten the time when they can wear the flowers of peace again on Mother's Day.

Citizens Pour Cash Into Bonds

Randall County Made Fine Record in War Bond Sales; Continue the Monthly Quota

Randall county went over the top in a big way to more than pass the quota for the Second War Loan Drive.

The quota for Randall county was set by the State War Finance Committee at \$93,000 for non-banking investors.

The sales up to Saturday night amounted to \$146,094.50, according to a report of R. H. Wright.

There was a great rush of bond buyers during the final days of the drive, with the result that the quota was oversubscribed by more than 50 per cent.

Including bank purchases, the total was run up to \$183,000, or practically double the quota which was set for the county.

Mr. Wright states that the committee in charge of sales wishes to express appreciation to all citizens for their purchases during the month. Captains and members of their teams did considerable work during the drive to see that all citizens were given the opportunity to invest in the soundest bonds on earth.

Regular monthly quota for every county in the nation will have to be met in order to keep the financial program of the war in line with the huge production program for the war.

Farm Bureau to Hold Meetings in Various Districts

The 1943 Farm Bureau community election meetings will be held in the various communities in Randall county according to the following schedule:

Canyon, Monday, May 10, 8 p. m.
Trigg School, Tuesday, May 11, 8 p. m.
Stone and Park at Park, Wednesday, May 12, 8 p. m.
Umbarger, Thursday, May 13, 8 p. m.
Ralph School, Friday, May 14, 2:30 p. m.
Jowell School, Friday, May 14, 8 p. m.
Sunny Hill at Fairview School, Monday, May 17, 8 p. m.
Highland School, Tuesday, May 18, 8 p. m.

These meetings will be strictly Farm Bureau meetings. Every farmer and farm woman is invited to attend.

The problems of farm people and of farm organizations will be discussed at each of the meetings.

The job for farm organizations now and after the war will be discussed.

Aviation Cadet James Hodges has been commissioned a second lieutenant at the Army Air Forces Technical Training School at Yale University, New Haven, Conn. He is the son of Mr. and Mrs. R. A. Hodges of this city.

Lieut. Hodges received his degree from West Texas State in 1941. He started his training in December, 1942, and was sent to Yale University to study communications. He is a technical officer, trained in the use of transmitters, receivers, radio compass, wire equipment and portable ground stations.

Canning Sugar Is Now Available to All Households

Sugar for canning is now available at the War Price and Rationing office.

Each person may secure as much as 25 pounds for the year ending Feb. 29, 1944. However, each person is required to use only as much sugar as he deems necessary for canning purposes.

Heads of families may take all of Ration Books No. 1 to the office and secure the proper authority for buying the additional sugar.

WHO IS TO BLAME?

There could hardly be a national disaster like the threatened coal strike of nearly a half million workers without some individual or some group being to blame. The public demands that the blame be placed upon the shoulders of the guilty, and those who are guilty should suffer the penalty.

If the miners were really underpaid, and were not working under the best conditions offered by their vocation, naturally the operators would be to blame. But as a matter of fact, the miners have received pay boosts until they are among the highest paid people in the nation. Their working conditions are as good as miners could expect.

John L. Lewis demanded increased pay because of the increased cost of living. OPA inspectors checked on every mining community and deny his statements. It is confident that as a last resort, Lewis begged the operators to give him some kind of an increase in order to save his face with the miners, but they refused. Hence the strike was called.

The only decent thing Lewis has done was to call off the strike 25 minutes before the President talked to the nation Sunday night. You may say and think all of the mean things you wish to about John L. Lewis, and you will probably be correct. Regardless of the good he accomplished in the past in improving labor conditions, he kicked all of this out of the window when he agreed to a strike in the face of national war disaster.

But the trouble is deeper than the bullheadedness of Lewis, and his agreement to sabotage the war efforts. The President and Madame Perkins have yielded to every demand of labor since the war started until it became evident that inflation was starting the nation in the face.

For the past two years, Americans have called upon the President to stop the socialistic trend of the government, and to restore common sense. The 40-hour week was all right in peace time, but has no place during the war. Laborers have a right to a fair and just wage, and every American wants labor to be well paid; but they have rebelled when \$15 per week men have been paid \$90 to \$150 per week for jobs for which they had no training. This thing has occurred all over the nation in defiance to public opinion.

In order to check inflation, ceiling prices were imposed on all manufactured articles, and business men have been browbeaten by government regulations which have increased the cost of operation. But

the administration allowed labor costs to increase until it became apparent that some steps must be taken. As we see it, the President must bear the criticism of the present situation, and sugar-coated words will not stop permanently a man like Lewis, who holds his lucrative job because of his ability to secure more money for the miners.

A coal strike at this time would be another major war defeat, and the miners should see this. But it is pretty evident that Lewis is doing the thinking for 450,000 miners, who are willing to go down the line with him.

Our prediction is that Lewis will wrangle some kind of concessions out of the administration. It will probably not be much of a boost in pay for the miners, but it will be sufficient for Lewis to do a lot of bragging to his unions.

In the meanwhile, you will be called upon to buy more bonds in order to pay tribute to such labor racketeers as John L. Lewis, and the thousands of other government employees who are being paid outlandish wages.

ALL IN THE SAME BOAT

The buyers of merchandise today have no conception of what the storekeeper has to comply with in order to supply their needs. Take the case of a typical country store. The people for miles around depend on that store for their daily necessities. The storekeeper works thru-out the day, and then additional hours into the night keeping track of ration stamps, and endless rules and regulations. Almost every move he makes is under threat of fine and jail sentence for a mistake. Thousands of stores are actually going out of business to the real hardship of many communities, simply because the operators cannot stand the strain involved.

Chairman Patman of the House committee on small business, has ordered an investigation into all phases of the issuance of orders and regulations by the OPA. He says: "Conditions are forced upon retailers and wholesalers which do not comply with the provisions of the Emergency Price Control Act." It is to be sincerely hoped that every effort will be made to lighten or simplify the present complications surrounding retailing—not for the retailers alone, but for the consumer, who is the worst sufferer as thousands of necessary stores are forced out of business due to sheer physical inability to meet the complications of operation.

A LIVELY GHOST

The pay-as-you-go tax plan just naturally doesn't die. Apparently the backfire from taxpayers over the country has been terrific since the bill was shelved by the House.

A letter to the Chairman of the Ways and Means Committee has just been published and expresses ideas that seem to be general over the country. In part, it says:

"Sentiment throughout the country, as demonstrated beyond doubt, is behind such a plan and Congress must eventually so recognize. . . . I can speak somewhat feelingly on this subject because I am chairman of the War Savings Committee of my town. I have a splendid group of fellow workers and we are already organized to do our best. . . . But it is mighty hard to do that best when the Treasury Department, at the same time when it launches the greatest bond campaign in human history, opposes the one method of taxation which will do the most to make such a campaign a success."

Commenting, the Wall Street Journal says: "The country wants to pay its Federal taxes as it goes, and will do that sooner or later. Until the issue is settled, 40,000,000 citizens will be harassed by uncertainty about their tax obligations, since the rate of withholding as well as the date of its beginning, both remain to be fixed by law."

U. S. Treasury Department

For the first time in 40 years the Texas Legislature will pass no tax measures. The tax committee hearing such bills has rejected every proposal in keeping with the economy program announced by Governor Stevenson. With the exception of school apportionments and rural aid, all appropriations have been reduced by this session of the legislature. While the taxpayers will be required to pay nearly as much money as usual, the legislature did well in refusing to pass additional taxes this session.

Judging from the thousands of cars which went to Buffalo Lake Sunday there is no shortage of gasoline, or danger of shortage of tires in this section. Ration boards will probably ask applicants for additional gasoline about a trip to the opening. People need recreation, and Buffalo Lake is a wonderful place for recreation, but with the dust and dirt prevailing Sunday, there was little rest in that big crowd.

The United States handed the Axis another jolt in Second War Loan Drive. Regardless of the pleasure the Axis got out of the coal strike, and other internal strife, when it comes to financing the war the people show very clearly that they want to see this war ended, and are willing to pay the necessary price to end the war.

The Legislative Grapevine

Grady Hazelwood
Senator 31st District

The Senate having adjourned I spent Friday morning visiting the House in session. Here is a truly representative group of democracy in action. The three youngest members are each 23 years of age. Five oldest members are between the ages of 72 and 76. The membership is deadly serious and no punches are pulled. If humor is thought necessary to kill a bill then it comes out. Up for consideration and debate was a bill to paint all school busses red, white and blue. Many members thought this very impractical in view of the paint shortage. Finally, Rep. Celaya, in order to express his disapproval of such legislation at this time, sent up an amendment, later withdrawn, which provided that all members of the legislature must wear uniforms of red, white and blue bunting not more than 4 feet in length or 24 inches wide in order to exhibit their patriotism and to distinguish them from the general public. One member humorously observed that the public could already distinguish them from everyone else. The hard-working membership continued until Saturday noon and passed some of the most important legislation of the session.

Finally passed by the Senate was the House curfew bill which has now gone to the governor's desk. Specifically this bill does the following: prohibits the sale of liquor between the hours of 10 p. m. and 9 a. m. of every day, and, of course, all day Sunday; makes it unlawful for any person—which includes patrons and visitors—to drink or consume, or, to have in their possession for the purpose of consumption, any whiskey or beer after the hour of 12:15 a. m. on week nights and the hour of 1:15 a. m. on Saturday nights, and before 7 a. m. on week days and 1 p. m. on Sundays. In other words, this bill makes it a criminal offense for the guest or visitor at a honky-tonk or other public place to drink, or, to have in his possession for the purpose of drinking, any beer or liquor after the hours above mentioned. This bill has one important provision that enforcement officers so much complained about not being in the old prohibition laws—it makes the purchaser or consumer equally guilty with the seller.

Also passed by both houses last week and now on the governor's desk is a bill by the writer permitting recipients of old age pensions to earn up to \$250.00 per year without having any fear of being cut off the rolls, or, of having their pensions reduced. Heretofore, the Department of Public Welfare has followed the policy of reducing pensions or removing from the rolls altogether those who sought to help themselves. The legislature thought that during the present great manpower shortage these people should be encouraged to work rather than discouraged, and that no harm could come from holding out some reward and incentive to those who may be physically able to perform much needed labor—that to encourage industry is a sound public policy. However, because of Federal regulations, this bill has no application to any person not already on the rolls. The grapevine is that a new executive director of Old Age Assistance will be appointed during the coming week.

Historical Group To Hold Annual Meeting May 21

The annual meeting of the Panhandle-Plains Historical Society is scheduled for May 21. At three o'clock, preceding the membership meeting, will be a board meeting of the society in President Hill's office. The membership meeting will be at five o'clock at Cousins Hall to be followed by a banquet at seven o'clock.

The Panhandle-Plains Historical Society was organized in 1919 and in 1921 it was chartered by the State of Texas. Its purpose is to further the collection and preservation of historical data of the plains region of the Southwest. Traditionally, the annual meetings have been on the second Friday in May, but this year it was necessary to change the date.

The meeting on May 21 is for the purpose of electing officers for the next year and to discuss the business of the society.

The present officers are: Judge J. D. Hamlin of Farwell, president; Mr. W. T. Coble of Amarillo, vice-president; Mr. W. L. Vaughan of Canyon, secretary.

A TRIBUTE TO MOTHER

Looking back on all these years together, Happy years, and yes, the sad ones here,

I can see the trials that I have caused you, All the burdens you had to bear.

Oh mother dear, I want so much to show you Just what your guiding hand has meant to me;

Oh how I treasure all you've said in kindness To help me be the girl you'd have me be.

Oh help me mother through these years of wonder; Make me see the thing I cannot grasp.

Mold me just to follow in your footsteps, For that's all anyone could ask.

And mother, if you see me start to stumble, Take my hand and lead me all the way.

May God in Heaven hear me while I'm asking For your happiness on this, a Mother's Day.

—Mollie Nan Ziegler.

Green Legume Hay

A ration for feeding pigs in winter should include 5 to 10 per cent of leafy, green legume hay.

I Give You Texas

By Boyce House

Texas has many large and medium sized cities—but there was a time when the third best "one-night show town" in the State was a place with only 6,000 inhabitants—Eastland.

C. U. Connelley, founder of the town, used some of his oil wealth along in 1919 to build what was perhaps the biggest and finest theater between Fort Worth and El Paso.

After the boom, the showhouse came under the management of A. C. Stalcup, an alert showman, who capitalized on the seating capacity and the network of good roads that linked Eastland to many nearby towns: Cisco and Ranger were only 10 miles and Breckenridge, Brownwood and Abilene were not more than 80 miles away.

The first big road show to play at the Connelley was "Up in the Clouds"—and your columnist saw the attraction from the very top row in the balcony—that was almost being "up in the clouds."

Stars whose names were famous a generation ago trod the boards of the Eastland playhouse. Margaret Anglin appeared in "The Woman of Bronze." Willie and Eugene Howard (they're still Broadway favorites)—headed a big musical revue. Raymond Hitchcock, one of the

great comedians of all time, brought "Hitchy-Koo."

He had attended the Rotary luncheon at noon, and then that night he stood in front of the stage as the audience was filling in and greeted the mayor and other leading citizens by name. They were flattered, of course, and the crowd applauded.

Afterward, it was learned that the secretary of the club was seated only a foot from Hitchy and murmured the names as the celebrities entered!

The biggest rival of Ziegfeld's Follies came to town—the New York Winter Garden's Passing Show, and that afternoon the bankers and oil men loaded the 50 lovely chorus girls in automobiles and took them for a tour of the oil field.

Capacity audiences thrilled to the melodies of "Blossom Time," laughed at Lassies White's minstrel and chilled at such mysteries as "The Bat" and "The Cat and the Canary."

Scenery, costumes and companies of these road shows were the same as were seen in such metropolises as St. Louis, New Orleans and San Francisco. The size of the stage and its equipment were such that elaborate lighting effects were possible. Broadway was brought into the land of derricks and mesquite.

All of this was many years ago. Memories cling about the old stage and perhaps it has ghosts of light-footed dancers, glorious - voiced singers and gay, glamorous women.

Shine Phillips of Big Spring, druggist-author of the humorous and successful book, "Big Spring," sends one of the letterheads of George McIntire of Sterling City. It reads:

"U Ranch—established in 1876 by D. H. Earnest and W. J. Holland. "Weather Forecast by Uncle Bill Kellis:

"Today, fair, dry and windy. "Tomorrow, fair, windy and drier. "Sunday will be a clear, dry day. "All the rest of the week will be like Sunday, only a little drier, dustier, sandier, windier. There won't be any rain to speak of during the entire week."

And the ranch motto is: "Thankful for a rain or a calf any time."

Householders Are Asked to Assist Housing Group

The Housing Committee of West Texas State College is now preparing the summer housing lists and have requested that all householders who wish students as roomers or for room and board or for apartments or who have light housekeeping rooms for rent list them with the committee before May 15.

Listings may be made by telephoning the Office of the Dean of Women, No. 81, or they may be made in writing by letter or post card. In all cases, the street address and price of the accommodations should be given and the telephone number of the householder should be included.

Mrs. Geraldine Green and Mr. Mitchell Jones are preparing the housing lists.

'Now Overdue, Sir'

Things really happened the other day for Lt. Harvey Markley, MRTC Special Training Detachment, at Camp Barkley. On the same day he received official notification that he had been promoted from second to first lieutenant he received an official letter, through channels, that he possessed two books overdue at the Camp Library. The books: "The Ramparts We Watch" and "Forgive Us Our Trespasses."

TO A THREE-STAR MOTHER

A three-star mother sits at home tonight, With the light on her silvery hair. There's a prayer in her heart and a faith in her mind For three boys for whom she cares. There's a smile on her lips and a glint in her eyes, As she sits there in her favorite chair.

But her boys know why she smiles and winks Because it is for them that she says that prayer.

In Georgia, there's George, A lad twenty-seven Whose eyes are hard set And as blue as the heaven. He knows that his mother Could be replaced by no other And for her he would gladly fight and die.

In 'Bama there's Mabry To her he is Bo, Who stands six feet three And is ready to go. He will think of his mom As he goes out to bomb, And will bring back his plane—flying high.

In Washington there's Vaughn, Her own baby boy, Who has just now learned That war is no toy.

Although he is sick And far from her now He is a soldier who won't give up—he will try.

For his mother who is far away. Each night these three soldiers pray, Their prayers are for her and their father too.

Who has showed them what a Vandergriff can do. They pray that God Who watches from above, Will watch over them As they each send their love.

So my Heavenly Father, if you can hear, Please keep these folks who are so dear.

Until this war is won And all three of these sons Can come home to say their prayers.—Amen.

Vaughn Vandergriff's original poem, who is in the hospital at Vancouver, Washington.

HIGH SCHOOL GIRLS HONORED BY A. A. U. W.

Girls who are members of the graduating classes of the Canyon Public School and the Demonstration School will be honored by the local branch of the American Association of University Women at a reception at the Kerr House Tuesday evening, May 11, from 8:30 to 10 o'clock.

Miss Margaret Barrett is president of the A. A. U. W. and will head the receiving line. With her will be the officers of the organization and the sponsors of the two classes, Mrs. Guy Tabor and Miss Helen White Moore.

All members of the A. A. U. W. will be hostesses during the evening. In charge of arrangements are Miss Ruth Lowes, Miss Florence McMurry, Mrs. W. F. Haggard, Miss Sarah Thompson, Miss Louise Manigault, and Miss Adele Barnes.

Mrs. Alice Black left Sunday for Encino, Calif., to visit her daughter, Mr. and Mrs. James LaCour and their new baby.

HIGHLAND H. D. CLUB MEETING TUESDAY

Three visitors and Miss Frances Wilroy, county H. D. agent met with the Highland Club members at the home of Mrs. Pearl Nesselroad at noon on Tuesday, May 4 to enjoy a covered dish luncheon.

Knitting and visiting occupied the group until 3 o'clock when the president presided for a short business session.

The group voted to adopt the report of the council representative which included plans to participate in the activities of the May Tea on Saturday, May 16; the district meeting on May 11 and a Rummage Sale on June 7 and 8.

Miss Wilroy gave an informative demonstration on the drying of fruits and vegetables. Drying is economical, takes less equipment and materials, may be stored in fewer containers and can be transported easily.

Visitors present were Mrs. John Broadbudd, Joan Fulton, Dorothy Roark and Thelma Boling; and members were Mrs. Tom Boling, Mrs. Jack Baker, Mrs. C. H. Roark, Mrs. Elmer Mason, Mrs. L. J. Fulton and the hostess.

The next club meeting will be on May 18 at the home of Mrs. Carl Fuqua.

SOCIAL PIONEERS MET WITH MRS. MYERS

The Social Pioneers met in the home of Mrs. W. S. Myers, Thursday. Decorations were of garden flowers and a large blue hydrangea.

The meeting opened with a devotional, given by the president, Mrs. Jessie Reid. Mrs. R. D. Lowry was in charge of the program, which consisted of old time songs. Mrs. L. E. Simms and Mrs. Lowry gave pioneer readings.

Mrs. Myers was assisted by Mrs. Paul Lindsey, Mrs. Bud Myers and Mrs. R. M. Gibbs.

Those present were Mrs. Gibbs, Mrs. Myers, Mrs. Simms, Mrs. L. A. Pierce, Mrs. W. S. Christian, Mrs. J. A. Guthrie, Mrs. Lowry, Mrs. Emma Dodson, Mrs. G. B. Bourland, Mrs. Reid, Mrs. J. C. SCHOONER CLUB HAS MEETING TUESDAY

The Presbyterian Schooner's Club met Tuesday of last week at 8 o'clock in the church. Miss Elva Fronabarger spoke to the club on "How Has the War Invaded Our Homes." The main topic of the discussion was how the war has affected the lives of children in Canyon.

After the program a business meeting was held. Officers for the coming year were elected. Mr. and Mrs. Cecil Briggs were elected Skipper; Mr. and Mrs. Bob Jones, First Mates; Mr. and Mrs. Robert Black, Logkeepers; Mr. and Mrs. I. F. So-Relle, Purser.

Following the election was a social hour of games and cookies and punch under the direction of Mr. and Mrs. Jones.

MISS SUE LANE NEFF HONORED

Miss Sue Lane Neff was honored with a party Monday afternoon in the home of Miss Frances Wilroy, 2002 Sixth Avenue.

The guests enjoyed a story—Kipling's Elephant Child, after which they had a contest on an animal game. Swinging and other games were participated in in the yard. Sue Lane's Easter chickens, Pete, green and Re-Pete, pink, added much gaiety.

The centerpiece for the party table consisted of tulips in a crystal bowl with pink candles. White ribbons were extended from the centerpiece to the place cards which were tiny bottles of perfume.

Angel food cake and punch were served. Seated were Miss Elaine Cundiff, Miss Dorothy Elizabeth Neblett, Miss Betty Ross Craig and Sue Lane.

H. D. ASSOCIATION HAS DISTRICT MEETING

Mrs. W. T. Davis, Edgetown Club, Mrs. John Jennings, Ralph Club and Mrs. Jack Baker, Highland Club will represent Randall county at the district meeting of the Texas Home Demonstration Association which meets in Amarillo, May 11, beginning at 10 o'clock a. m. The meeting will be held in the court house.

Mrs. L. L. Byars, chairman of the County Home Demonstration Council is a candidate for District Vice-president.

All club members in the county are invited to take their sack lunches and sugar for drinks and attend this meeting.

ORDINANCE NUMBER 94
AN ORDINANCE PROHIBITING DOGS FROM RUNNING AT LARGE WITHIN THE CITY CORPORATE LIMITS OF THE CITY OF CANYON, TEXAS, PROVIDING FOR A DOG POUND; PROVIDING FOR THE REDEMPTION OF DOGS AND THE DISPOSAL OF DOGS IF NOT REDEEMED.

Be It Ordained By The City Commission of the City of Canyon, Texas:

Section 1. That hereafter it shall be unlawful for any owner or keeper of any dog within the corporate limits of the city of Canyon, Texas to permit such dog to run at large within the corporate limits of the said city of Canyon, Texas.

Section 2. It shall be the duty of the police or his duly authorized representative to capture and impound in a pen provided for that purpose any dog found running at large in the City of Canyon, Texas. And said policeman shall post a notice at the door of the city hall describing such dog and advertising the sale of said dog for forty-eight hours.

Section 3. The owner of any dog so impounded may redeem the same by paying the sum of One Dollar as impounding fee, and twenty-five cents per day for feed and care of said dog. If the dog is not redeemed it shall be sold as advertised.

Section 4. If an impounded dog is offered for sale and no one shall bid an amount equal to the impounding fee and the fee for taking care of said dog; the dog shall be bid in by the city and killed.

Section 5. It shall be the duty of the chief of police to see that this ordinance is enforced.

Section 6. This ordinance shall be in full force and effect immediately upon and after its passage and publication as provided by law. Passed and Approved this 3rd day of May, 1943.

building program.

Clark Johnson discussed Bible reading as a school project. He believes that regular Bible reading, without comment from the teachers, should be installed in every school. Mr. Johnson discussed this question before the P.-T. A. at Plainview, and the idea was unanimously approved. Daily reading of the scriptures would save many boys and girls from delinquency.

Stuart Condron, Jr. was a guest.

T/Sgt. and Mrs. Bill Patke arrived Saturday morning to spend four days with Mr. and Mrs. E. I. Boyce and family. Mrs. Patke will return soon to live here permanently.

Dean R. P. Jarrett is in Grand-bury on business this week.

Athletes Tell Of Various Phases of Their Training

West Texas State athletes were on the Rotary Club program Tuesday, telling of the training being given in the Physical Education program. Dr. Seth Fessenden was in charge of the program. The boys are taking a course given by the Speech Department, which is open only to prospective coaches.

Duncan Kirkpatrick told of the Red Cross Life Saving program. Last year 4,300 persons drowned, and three-fourths of these were within three feet of the bank and in water only waist deep. Six million boys and girls are being trained every year under the Red Cross program.

Self preservation is the first lesson. Unless a swimmer is able to save himself, he cannot hope to save another. Students are taught to use a boat, if possible; throw a rope, life line, or shove a log to the person in danger. An experienced life guard will allow the victim to fight himself to the point of exhaustion before attempting to save the individual. They know there is no sense in risking their lives trying to save one who is fighting in the water.

Johnnie Thomas told of the physical education program which was being put into the schools and colleges. 45% of the boys making application for the air corps have been rejected; 39% of the applicants for the navy have been rejected; 34% of those sent under Selective Service have been rejected. The rate in Randall county is only 23%, which is much lower than the national average. The splendid physical education program in the Canyon schools and the College is responsible for this. All schools are now putting in this program and the army is adopting a physical

Loans Available For Irrigation Through FSA

Applications are now being received by the Farm Security Administration Office in Amarillo from farmers who wish to install pump irrigation facilities, and which would benefit the nation's Food for Victory program.

The announcement was made this week by Lillie Belle McClure, rural rehabilitation supervisor for the FSA, with offices in the Old Weather Bureau Building at Amarillo.

Prospective applicants for installation loans are advised, however, that the program is restricted to

the shallow water areas within Randall county.

"No loans," said Mrs. McClure, "will be approved on farms which do not lie in the shallow water areas within the county."

Loans also will be limited to bona-fide farm operators, or land owners who would make the facilities available to bona-fide operators whose lands are in actual use for agricultural purposes, or will be placed in such use as a result of the installation of the proposed facility, it was announced.

The FSA supervisor said no assistance will be given to farm families who are operating units substantially smaller or in excess of family size units for the area.

Successful applicants will be those who cannot obtain satisfactory financial assistance for the installation of pump irrigation facilities from any other source.

Mrs. McClure said she will be glad to give complete details to all farmers who reside in or have farms in the shallow water areas in Randall county.

Pvt. Roy Byrd, Jr., of Salt Lake City, Utah, left Saturday after visiting for a few days with his wife. A 15-day furlough was cut short by a call to report for duty.

Lester A. Smith Is Among Eight Who Are Decorated at Santa Ana, Calif., Recently

Lester A. Smith, fourth from the left, was among the eight cadets who were decorated April 4 at Santa Ana, Calif. These men received their honors for their heroism in the Alaskan area.

The seven other men are: Joseph Silva, Harvey W. Gipple, Alfred M. Farley, Wayne F. Austin, Charles E. Martin, Robert E. Hancock, Samuel H. Morrison.

Joe Steele, a former Canyon citizen, sent the News a copy of the Santa Ana Register and secured the above mat of the picture.

Mr. Steele states that he talked with Lester Smith, and also called General Ralph Cousins to inform him that a Canyon boy was being decorated. General Cousins is in command of the air forces on the West Coast. He asked that Lester look him up at his earliest convenience.

General Cousins is the son of the late Dr. R. B. Cousins, and went from Canyon to West Point. Under Selective Service he is credited to Randall county, being the most distinguished officer from this county.

Wayside Items

It was Rev. Menefee's regular day with us Sunday but he was in a revival at Vigo Park.

Mrs. Lem Fisher and sons, Oren and Kenneth, also Mr. and Mrs. W. R. Franklin and son, Glen, attended church services at the Assembly of God Church in Amarillo Sunday where there is a revival in progress.

Roy Franklin and family visited in the W. R. Franklin home Thursday afternoon.

W. R. Franklin built a chicken house for J. E. Mahler last week. Some wheat is beginning to head.

The high school and intermediate rooms had their programs last Wednesday night and the primary had theirs Thursday night. They were both good and were well attended.

John Patterson and family left Thursday night for Colorado Springs, Colo., to visit with one of his sisters who is ill.

John Patterson has had word that his brother, George, who is a Marine, has landed in the U. S. A. and is in a hospital being treated for tropical fever. We wish for him a speedy recovery.

The E. J. Mahler family attended the play given by the Lions Club at Happy Friday night.

You Can Do Something About This

Tokio's Savagery Against Our Young Fliers Will Be Avenged
You can help speed the day when we will bring the murderers of our boys to justice by buying War Bonds to the very limit of your ability. Every American has been stirred to burning anger, every American can do something about it today. Your War Bonds will become the bombs which the comrades of our martyred boys will unloose time and time again upon these Japanese fiends until they beg for mercy. They Give Their Lives—You Lend Your Money.

On the North African front, reports the Wall Street Journal, a big, raw-boned Yankee sergeant was herding a batch of German prisoners to the rear. On the face of one of the heinies, a blustering, sputtering officer, there was a look of extreme bewilderment.

"I cannot understand it," he exclaimed. "These are Rommel's storm troops."
"Storm troops, eh! rejoined the Yankee. "I'm from Kansas, where they raise cyclones."

You may succeed when others do not believe in you, but never when you do not believe in yourself.

"Now I'll imitate something, and you guess what."

"Okay."

"All right, what am I imitating?"

"Nothing, as far as I can see."

"You're wrong. I'm giving a perfect imitation of a man going upstairs."

"But you're not even moving!"

"Of course not. I'm on an elevator."

Son: "Daddy, won't you please plant this in the Victory Garden?"

Father: "But this is Dogwood. How will that help us win the war?"

Son: "Please, Daddy. We can give all but one of the puppies to the Army."

"I see by the paper that half the population of the world is female."

"I don't believe it. If it's true, how do you account for the fact that one-half of the world doesn't know how the other half lives?"

"Have you found anything in your Victory Garden yet?"

"Oh yes, a lot of things. Mostly Plymouth Rocks, Leghorns and rabbits."

RUSHED!

The drunk hailed a cab and fell into the back seat.

"Shay, driver," he ordered, "drive me aroun' the block a hundred times."

The driver was startled—but he obliged just the same. And around and around the block they went. On the sixty-fifth trip, the stew leaned over to the driver.

"Step on it, buddy," he hic-

coughed. "I'm in a hurry."

GAS FOR VICTORY

GARDENERS

Victory gardeners cultivating plots away from their homes are eligible for extra rations of gasoline this summer, if they can show need for extra mileage. The OPA has announced. Mileage rationing regulations are amended to provide up to 300 miles for six months for Victory Garden travel. If the car owner: (1) is regularly cultivating a tract of vegetables of 1,500 square feet or more; (2) cannot get his garden any other way and shows his labor is necessary to it; (3) arranges, if possible to share his car with other gardeners.

WAR EXPENDITURES—1918 AND 1943

In 1918 American war expenditures were only 18½ billion dollars; in 1943 they will exceed 100 billion dollars. These figures show sharply the difference in cost between the last war and this one. There were four Liberty and one Victory Loan drives in the last war, with a total goal of less than 19 billion dollars; but to finance the present war the people of the United States must raise about 70 billion dollars before the end of this year. In that war, our task was chiefly to fortify a line of trenches in France; in this war we must equip and supply our armies on all the far-flung battlefields of the world.

EMPLOYMENT STABILIZED

Workers planning to quit their jobs to accept other employment either in home area or in other sections of the country should confer with their present employers first, War Manpower Commission officials warn. Under WMC employment stabilization plans announced last week, workers in essential industries must have a statement of availability signed by his most recent employer or by the WMC before he can be hired in another essential industry; he can't accept work in a non-essential industry at higher pay; he can quit a non-essential employer without a release to accept work in an essential industry. Agriculture is high on the list of the 34 essential industries. Complete information concerning the stabilization plan

can be obtained from any U. S. Employment Service office or WMC office.

MEAT POINTS CHANGED

Reductions on 25 items and increases on 16 were point value changes affecting meats, fats, fish and cheese made effective May 2. Advances largely were confined to prime cuts of beef, veal and pork. Reductions were in the variety meats, canned fish and other special productions already having a low ration point value.

CHANGE IN TIRE RATION

Passenger car drivers with mileage rations exceeding 240 monthly now are eligible for any grade of new tire when their present casings are not recappable.

MORE MILEAGE FOR WORKERS

Seven hundred twenty miles a month will be allowed hereafter for in-course-of-work driving, instead of the 470 miles previously allowed. This does not change the mileage allowed for driving between home and work. A car owner formerly eligible for a "B" ration book only may qualify for additional gasoline if he (1) shows he needs it for course-of-work travel; (2) meets regular car-sharing requirements; (3) shows he is not already allowed as much as 720 miles a month.

JOB RECORDS OF HIGH SCHOOL STUDENTS

To help high school students find their proper place in the army (or in war industry), each one will soon be asked to make a card record of his school and job history. These "educational experience summary record" cards will contain such information as A students, academic standing and achievement, vocational and pre-induction preparation, wage earning experience, aptitudes, significant hobbies and Social Security Number.

CASUALTY TOTALS

Announced casualties of the United States armed forces from the outbreak of the war to date (whose next to kin have been notified) total 78,235. This total, arrived at by combining War and Navy reports, includes: dead 12,123; wounded 15,049; missing 40,435; prisoners of war 10,628.

TIRE, CAR, BICYCLE QUOTAS

The quota of new passenger car tires for rationing in May is 1,006,882 compared with 1,058,000 for April. Certificates for purchase of these tires go to drivers whose mileage rations exceed 240 miles monthly and who do not have recappable casings. New passenger cards in May total 50,000 compared with an April allotment of 38,000. The bicycle quota for May is 88,200, unchanged from April.

PROTECT CHILD WORKER'S HEALTH

Estimating that more than 3,000,000 boys and girls between 14 and 18 will hold full or part-time jobs this summer, Katharine F. Lenroot, Chief of the Children's Bureau of the U. S. Department of Labor, has issued a warning that the health of young workers must be protected. She said thousands of boys and girls under 18 are being permitted to work excessive hours, often late at night, to the detriment of their school work.

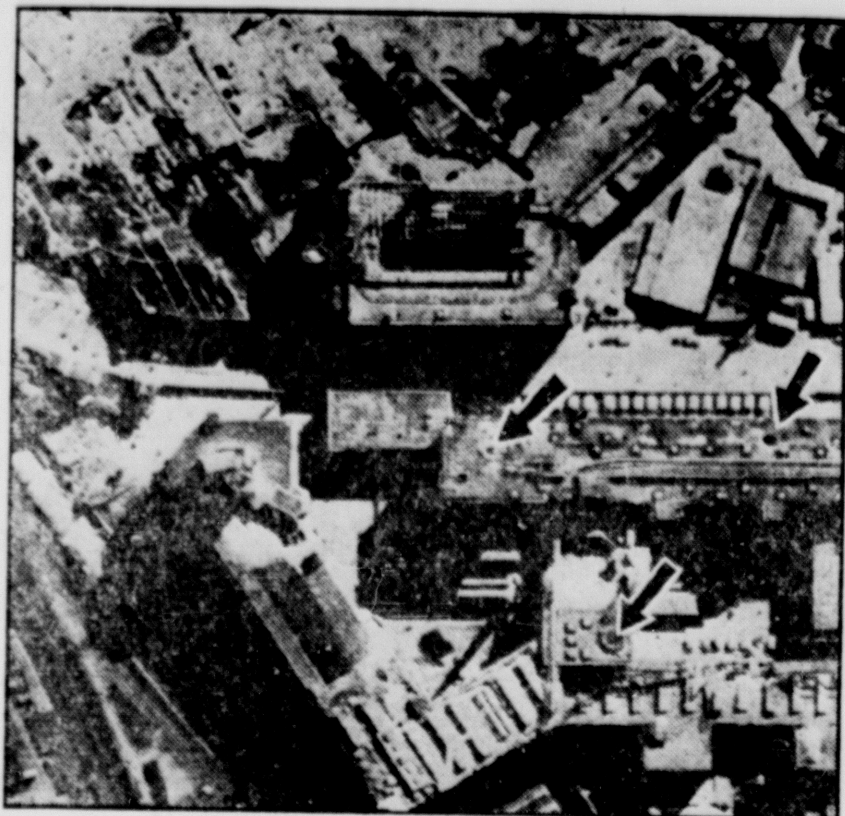

REPLACEMENTS FOR TRACTOR TIRES

Replacement tires can be obtained for farm tractors when there are no recappable facilities available. Formerly, no replacements could be had for tires which were in recappable condition. "LAY AWAY"

OF SHOES

Shoe dealers cannot hold or lay away shoes for customers beyond the end of the period in which a current war ration shoe stamp is valid unless they receive the shoe ration stamps in advance, the OPA has announced. Another amendment provides that house slippers

Nazi Valve Works 'Shut Off'

and moccasins designed for indoor use only are not rationed.

GROUP RIDING INCREASES

Group riding has made its greatest gains in rural industrial areas, state surveys show. In these sections, the average number of persons per car increased from 1.77 a year ago to 3.17 now. The average number of persons per car throughout the country has increased from 2 prior to July 1, 1942 to 2.66.

CEILING ON WASHING MACHINES

Maximum prices for used washing machines sold by dealers, auctioneers and individuals have been established by OPA. Rates for rental of used washers limit prices to \$4.50 for the first month and \$3.50 monthly thereafter, regardless of the type of machine rented.

WAR-TIME DAIRY BARN, FENCES, GATES

Plans for a dairy barn that uses a minimum of critical materials may be obtained free from the U. S. Department of Agriculture, Washington, D. C., by writing for a leaflet on "A Wartime Dairy Barn."

How to make fences and gates with a minimum of metals can also be obtained by writing for the folder "Wooden Fences and Gates."

NEW CEILING ON BEEF AND LAMB

Retail ceiling prices for beef and lamb will be reduced one to three cents a pound below the ceiling originally scheduled to take effect April 15. The new prices become effective May 17 and will be uniform throughout the country for stores of the same type.

"OUR ARMED FORCES"

An orientation book for high school students planning to enter one of the armed services has been published by the U. S. Office of Education in cooperation with the U. S. Infantry Association. The book, "Our Armed Forces," gives the history, background, and traditions of the Army, Navy, Coast Guard, and Marine Corps, and answers many questions. It may be ordered from the Infantry Journal, 1115 17th Street, Northwest, Washington, D. C. The price is 35 cents per copy; or to students, teachers and schools, 25 cents per copy in quantities of four or more.

SHOES FOR NURSES AIDES

Nurses aides who need nurse's shoes and have no Stamp 17 of their own, or of members of their families, may obtain a special shoe stamp by applying to their local ration board. If Stamp 17 is spent for nurses white shoes and shoes are needed for general wear, further application may be made to the board.

MORE NURSES NEEDED

More than 65,000 women must be added to the nursing corps if civilian health is to be maintained in 1943. There is a drive to enroll qualified young women in June in

the 1,300 nursing schools attached to the country's leading hospitals.

PARTS FOR TRUCKS AND BUSES

Contrary to general opinion, owners of trucks and buses do not need a preference rating to buy a replacement part. If the needed part is not available locally, a purchase order may be placed with a dealer.

BABY SCALES

Baby scales will be sold to the public only on a doctor's prescription this year, by an amended order of the War Production Board. Previously, baby scales for household use had been banned, except for scales made for physicians and hospitals.

TUNA CATCH

The Tuna catch for the first quarter of 1943 was approximately 40 per cent greater than in the same period of 1942 but is still considerably below normal. This year government requirements will take 60 per cent of the Tuna pack.

"I AM AN AMERICAN"

"I am an American Day" will be celebrated throughout the nation on Sunday, May 16 in honor of new citizens. Arrangements for celebrations are in the hands of local communities.

Mickey Ledrick Prefers African Dust to Tea, Fogs

Bombs and desert sands are preferred to English tea and fogs. Mickey Ledrick, former student at W. T. who spent six months in England, participating in the first American raids on Germany, and later moved to North Africa at the time of the invasion, said in a letter to Dr. J. A. Hill that he got tired of the English tea and the weather. When sent to North Africa, he had no conveniences as in England. He was in an interesting country which was formerly a stopping place for caravans in the Sahara desert.

Texas duststorms are nothing to compare with the desert sandstorms, said Mickey. His home was a pup tent—sleeping and eating on the ground.

The Arabs, with their long black beards, flowing robes, and bright turbans are all right, but Mickey prefers the French. At any rate he can talk to them, after having studied French at W. T. Mickey is now stationed in the mountains, still in a pup tent. This is much better, as the temperature on the desert is now 120 degrees.

Everything isn't unpleasant though. Mickey flew to the modern city of Algiers for a rest and "a wonderful time." He says Algiers was quite a change from living in the semi-civilization of the Sahara desert.

MRS. J. A. HILL
President Canyon Garden Club

The beautiful irises have suffered from the high winds. Their delicate petals look rather bruised. Their blooming season is so short that it seems a pity for anything to spoil them. If the tight buds are put in water they will open up. There are hundreds of different varieties, some that bloom in the spring and summer and some in the fall. The clumps should be divided every year or so to have the best blossoms. They are called the "poor man's orchid" and when made into a corsage, only an expert or very close observer can tell the difference.

Botanists say that all plants above the fern have some kind of blossom. Think of the millions of different kinds! Every variety different from every other! Only an infinite God could fashion so much loveliness.

One of the beautiful vegetables is the tomato. Be sure to raise enough to can some for they are full of vitamins and are easily canned and kept. The little yellow bell tomato and small little yellow ball ones make such attractive preserves and sweet pickles.

Okra is a much maligned garden friend. Many do not like it, and it is not as full of food value as some other vegetables, but it adds variety to the menu and may be either canned or dried for future use. There are many delicious recipes for its use that takes away the slimy taste. Try it.

My next door neighbor has a beautiful small garden grown on a lot where nothing but weeds and grass have grown before. It is growing a lot better than mine which has been planted in well fertilized soil. If the birds let his vegetables alone he will soon be eating fresh garden "sassa."

Isn't it too bad that most of our black locust trees had to go? Their leaves and sprays of fragrant flowers are things of beauty. It seems that the borers are after our ash trees which we hoped could successfully take the place of the black locust.

Have you said "good morning" to the saucy pansy faces today and had your heart to fill with thanks for our glorious country where we have time and opportunity to commune with nature? Mother nature has most healing ways.

V-NEWS

From Randall County Mome Economists

Now that your Victory Garden has a good start, your next job is to control insects so that you will have a harvest. Controlling insects is not as difficult as many persons seem to think.

The ideal strategy is to wage an offensive battle, beginning as soon as the first invaders appear in the garden and never giving them a chance to become established. This battle should continue at intervals of four or five days until the enemy is mopped up.

Insecticides necessary for the job include cryolite and calcium arsenate to control flea beetles, cucumber beetles, cabbage worms and other insects which feed upon the fruit and foliage of the plants; nicotine sulfate or pyrethroid for plant lice, stink bugs, squash bugs and others which suck the juices from leaves and stems; and paris green to make baits for cutworms, sow bugs and male crickets.

Generally it is easier to control garden insects with a duster, but good results also can be obtained with a sprayer if done thoroughly.

Plant lice are probably the most common and destructive vegetable pests. They attack almost all crops, especially turnips, radishes, mustard, cabbage and other similar plants. They may be controlled by using a five per cent rotenone-sulphur mixture, or nicotine sulfate, as a spray or dust. Begin as soon as the pests appear and thoroughly cover the lower surface of the leaves. These insects are killed only when actually hit by the insecticide.

Fell Out of Plane

At Yorkshire, England, Aviation Cadet Derek M. Sharp fell out of a training plane 500 feet up. As he plunged through space, something bopped him on the head. Instinctively he raised his arms and found himself hugging the tail of his own plane. He managed to wiggle himself up on the plane's elevator surfaces. All this made the plane bounce, and when the pilot learned the reason he made a quick and careful landing. Cadet Sharp was unhurt.

W. T. Service Flag Ready By Commencement

A service flag honoring all men and women who have attended West Texas State College and who are now in any of the military branches of the United States will be on display by the commencement season, 1943.

The Service Flag Committee of which Boone McClure is chairman has purchased the necessary flags and they are now on the campus. The flags are of silk and include a United States flag, a Texas flag, and a service flag. These flags represent the college for both students and faculty participated in their purchase.

The service flag contains a single blue star. Gold stars will be placed on the flag, one for each ex-student whose life is sacrificed in the war effort.

In order that W. T.'s record be complete, the Service Flag Committee, which besides Mr. McClure includes Dr. L. F. Sheffy, Professors John A. Gillis, Jean Moore, and Pauline Brigham, requests that every student and faculty member turn in the names of all the men and women who have been students of West Texas State College who are now in any branch of the service. It is hoped that the list, which will appear in the case with the service flags, will not miss a person whose name should appear there.

Mr. McClure states that names may be left at the desk in the museum or with Miss Anita Goodrich in President Hill's office. Slips which are turned in should include the names of men and women, the branch of the service in which he or she is, the home address, and the year or years that he or she attended West Texas State College.

The service flag will be placed in a dust proof case in the main hall of the Administration Building where it will be seen daily by students and by every visitor who comes to the college.

The list of those honored will be revised at regular intervals and the cooperation of friends of the institution as well as its faculty and

YOU'RE MEAN, DADDY!

WHY CAN'T WE GO RIDING?

It's Patriotic . . . and it's plain common sense . . . to keep your driving at minimum until victory comes.

Rubber, which can be used against the enemy in every battle area, is too precious to be used for anything but essential driving . . . for going to work . . . for necessary shopping . . . for travel to and from places without other transportation facilities.

Remember, the rubber-saving, gasoline-saving, legal speed-limit is 35 miles an hour. Remember, too, that a tire worn beyond the danger point cannot be re-capped.

So be sure to get the help of the Phillips 66 Service Man.

See him at least once a week. He will check the air pressure in your tires, inspect them for cuts and bruises, criss-cross them with the spare every 3000 miles, tell you when re-capping is advisable. He will check your radiator, battery, and air filter. Will lubricate your car from fan-drive to stop-light. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil . . . your money, your car, and your tires will all go farther.

Millions of drivers know from experience that Phillips 66 Poly Gas is famous for pep and mileage. So next time you are ready to use a coupon or two, stop at the Orange and Black 66 Shield, and find out just how good today's Phillips 66 Poly Gas is.

Former Regent Is Honored, Formal Reception and Tea

John E. Hill of Amarillo, who retired recently after serving thirteen years on the Board of Regents, and Mrs. Hill were honored by the West Texas State faculty Saturday evening at a formal reception in Randall Hall.

Miss Florence McMurry and Mrs. Agnes Smith received guests at the door and Mrs. Nancy McCaslin and Miss Mary E. Hudspeth poured tea. In the receiving line were Dr. and Mrs. J. A. Hill, Mr. and Mrs. John E. Hill, Dr. and Mrs. R. P. Jarrett, and Dr. and Mrs. D. A. Shirley.

Assisting in the serving were Miss Mary Fleming, Miss Maude Cuenod, Miss Adele Barnes, Miss Martha Palm, Miss Lila Thornburg, Miss Margaret Barrett, Miss Agnes Charlton, Mrs. Tommie Montfort, Dr. Hattie M. Anderson, and Dr. Mattie Swayne.

Other members of the faculty mingled with the guests in the reception room. The purpose of the reception was to show the faculty's appreciation for Regent Hill's long and brilliant service to the institution.

Tulia Choir Will Sing Here Sunday

The A Capello Choir of Tulia High School under the direction of Floyd Carpenter, will sing at the evening service at the First Baptist Church Sunday, May 9th. The service will begin at 8:15. Pastor Roy L. Johnson will preach at both morning and evening hours. An appropriate message for Mother's Day will be given.

Day will be delivered at morning and special music will be sung by the choir.

Sunday School attendance for April averaged 332, which is the best on record for April. Work continues on the building and the debt is being reduced—all with voluntary gifts, for the church has no collectors, no canvass and no pledges. The debt, which a few years ago was more than \$30,000, is now less than \$3,500, and is being further reduced each month. So confident is the pastor that it will be paid by fall, plans are being made for a three-week revival in October, one week of which will be a celebration of the past accomplishments of the church.

Sunday service hours are: Sunday School 9:45; Training Union for all ages at 7:15; Preaching hours 11 a. m. and 8:15 p. m. Everybody's welcome.

Locust, Malaria Scourge

Of Spanish Morocco's 800,000 inhabitants, mostly Moslems, the highlanders raise sheep and goats; the lowlanders grow grains, beans, olives and fruits. Sizable export items included almonds, oranges, potatoes, canary seed, oxides, wool, sheepskins, millet, fish and eggs. Malaria and locusts are scourges fought in large-scale campaigns by the government.
